Experience

RHCSA Summer Training - Lovely Professional University **June 2025**

- Successfully completed hands-on training in Linux system administration conducted by LPU Centre for Professional Enhancement.
- Gained practical experience in user management, networking, and system configuration.
- Worked on real-world system-level tasks to strengthen understanding of Linux environments.
- **Tech Stack:** Linux, Networking, System Administration

Projects

Library Management System | Java Project **February 2026**

- Developed a fully functional application to manage library records including adding, searching, borrowing, and returning books.
- Integrated PostgreSQL database using JDBC for efficient data storage and retrieval.
- Applied object-oriented programming concepts for modular and scalable design.
- **Tech Stack**: Java, JDBC, PostgreSQL

Network Scanner (Nmap Integration) | Networking Project **October 2025**

- Built a custom network scanner integrated with Nmap for advanced port scanning.
- Displayed real-time scanning results through a GUI-based interface.
- Enhanced understanding of network protocols and vulnerability scanning techniques.
- **Tech Stack**: Java, Nmap, Networking

AI Shopping System (Voice Recognition) | **AI Project** **April 2025**

- Developed a voice-controlled interface to simplify online product searching.
- Used Web Speech API to enable voice commands and dynamic product display.
- Implemented a purchase modal to deliver a seamless hands-free user experience.
- **Tech Stack:** HTML, CSS, JavaScript, Web Speech API

AI-Powered Directory Management System| OS Based Project **March 2025**

- Designed a voice-controlled file management system for hands-free operation.
- Supported commands like create, move, delete, and organize files and folders.
- Automated OS-level operations to improve accessibility and efficiency.
- **Tech Stack**: Python, Speech Recognition, OS Automation

Certifications

Red Hat System Administration II **July 2025**

Red Hat System Administration I **June 2025**

Privacy & Security in Online Social Media **April 2025**

Packet Switching Networks **November 2024**

Technical Skills

Programming Languages: Java, Python

Web Technologies: HTML, CSS, JavaScript

Cybersecurity & Tools: Nmap, Wireshark, Burp Suite, OSINT, Kali Linux

Concepts: Networking, Cryptography, Web Security

Education

Lovely Professional University Punjab **Jalandhar, Punjab**

Bachelor of Technology - Computer Science and Engineering | CGPA- 6.99 *Since 2023-Present*

Govt. Senior Secondary School **Hoshiarpur, Punjab**

Percentage: 83% *2021 - 2022*

Govt. Senior Secondary School **Hoshiarpur, Punjab**

Percentage: 94% *2019 - 2020*
